Edda Morrison – The Beginning
1993-1998

- Member of the Church
- Arts Supporter
- Church was downsizing
- Thought the building would provide a good home for theater, in particular
- Put together the Reno-Sparks Theater Community Coalition (Theater Coalition) – 1993-2011
Moya Lear Period (1997-1998)

- In 1997, a member of the congregation & widow of aviation entrepreneur Bill Lear, Moya Lear, adopted the vision of a Edda Morrison to turn the First Church of Christ, Scientist into a theater.
- She made a $1.1 million pledge, on the condition that her pledge was matched by the community.
- After matching $1.3 million, the building was purchased for $1.1 M in 1998.
- Moya envisioned a community space that could host anything from a children’s dance recital to a world-renowned string quartet.
The Theater Coalition & Lear Theater Inc.  
1998-2011

• The Reno-Sparks Theater Coalition which transitioned into Lear Theater, Inc., managed the theater & its renovations until 2011, with shows taking place inside the actual theater in 2001 and 2002.

• Money was raised & 3 different architects took a shot at redesigning the building as a theater – some elaborate and some modest.

• Renovations began but were not completed.

• The theater has been closed since 2002.
1\textsuperscript{st} Architect – Dolven and Associates

\textbf{2000}

- Design not historically sensitive and covers entire west side of existing building
- Design does not qualify for tax credits
- Design reused some of the existing interior structure.
- Began Construction
2nd Architect – JCJ Architecture
2009

• Design is historically sensitive on exterior
• Design qualifies for tax credits
• Design drastically reconfigures interior structure for a full theater experience.
PROPOSED WEST ELEVATION

JCJ West Elevation
3rd Architect - Mercedes de la Garza
2011 - “Part 2” Design

• Combined both Dolven’s 2000 BUILT design & JCJ’s 2009 new architectural design
• Mercedes design is the currently approved design for Historical Rehabilitation Tax Credits
• Design is essentially ~ 50% complete for architecture and engineering. Audio has to start from ground up.

Federal Historic Preservation Tax Incentives Program

- The National Park Service (NPS) administers the Federal Historic Preservation Tax Incentives program with the IRS & in partnership with State Historic Preservation Offices (SHPO).

- The Historic Preservation Certification Application is a 3-part application used to apply for certifications required for Federal historic preservation tax incentives.

- NPS provides a “bridge loan” (at super low interest rate) from investors to do a portion of the restoration. Investors get the restoration tax credits.

- 20% income tax credit for the “certified rehabilitation” of a “certified historic structure.”
Rehabilitation Tax Credits
NEW MARKET Tax Credits

- New Market Tax Credits are designed to encouraged investment in economically distressed communities
- Supports investment in community facilities like the Lear
- Provides up to 39% of construction costs over a 7 year period
Historic Preservation
Easements/Covenants on the Lear

- **Historic Easement** - A voluntary legal agreement, typically in the form of a deed, which permanently protects a significant historic property.

- **Once recorded**, the easement restrictions become part of the property’s chain of title and “run with the land” in perpetuity, thus binding not only the owner who grants the easement but all future owners as well.

- **Preservation easements** in some states may also be called preservation “restrictions,” “covenants,” or “equitable servitudes.”
Covenants

• Open 12 days a year for public use
• Maintain most historical features
• If goes private, have to pay back grants
• More....
To complete the Part 2 application, Mercedes responded to SHPO’s comments and showed that these elements existed and inventoried them.
